Membership Benefits

All memberships except Basic include the following:

- Your company and opportunities posted in Compass and shared with students and schools
- Unlimited employer-written Career Profiles
- Ability to post events and work-based learning
- Access to career fair resources
- Visibility to school events calendar
- Matching of students to your opportunities
- Inclusion of your company in our communications to schools, parents, and students
- Consultation session to help you get started
- Members-only content and best practices
- Access to marketing and social templates

Career Profiles: Available in Compass, Career Profiles help students and school professionals understand specific careers at your company. They include day-in-the-life, related high school experiences to help students prepare, needed skills, education, and incentives. Students are matched to profiles based on their skills.

Strategy Session: GPS will help you build a strategy to connect you with schools and students. Focus areas include identifying workforce needs, building career profiles and related WBL experiences, help with insurance, connections with colleges, and help creating incentive programs if desired.
