

Create Your Compass Account With Golden Path Solutions

Ready to start connecting with students and schools? Create your free Compass account and set up your employer presence in just a few steps. Once you're set up, you can begin sharing your company and careers, building connections with schools, and offering opportunities to students.

Get Started in Compass in 3 Steps

1 Create Your Account

Join Golden Path and get access to Compass. A free Basic Membership gives you tools to start connecting with students and schools right away. Go to [Compass](#).

2 Build Your Employer Profile

Introduce students to your company, culture, and careers so they can discover opportunities with you. Go to Edit Information.

3 Join the Employer Connections Database

Choose the schools you want to reach and the types of connections you're open to, such as job shadows, career fairs, classroom visits, company tours, and more. Go to Profile >> Update the ECD.

Start Free. Build From There.

As soon as you create your account, you'll receive our **Guide to Getting Started in Compass**, with practical next steps for your free account, including offering work-based learning.

Your Golden Path team is here to help as you build from there.
